

June 6, 2020

Dear RESONites,

Challenges are opportunities; the delay in examination is one such opportunity to fine tune your academics and achieve the set goals. Till last year, students used to be involved in deciding colleges and branches at this time. But, this year situation got changed due to the outbreak of corona pandemic. You need not have to get deviated or feel panic about the outbreak, the government and medical team is working relentlessly to control it. Your target is your elite institution where you wish to go & study after a couple of months

Your classroom course at Resonance got timely completed as per course plan in a very systematic manner. This year students had to move from Kota before JEE due to corona and few might have faced a bit tough time during the lockdown. I, would like to make a mention of our management team for doing a tremendous work of minimizing the difficulties of student with a fair solution and facilitating their comfortable movement to home town. Thousands of students left early with apprehensions in mind about their preparation in the last months before exam. But, the robust system of Resonance didn't allowed this apprehension for a long in students' mind. Our academic team who had been working regularly in the lock down from home took the lead in making all relevant material available in online mode. In addition to the planned tests in course plan a number of various other inputs were provided in the last 2 months.

Academic inputs given online in last 2 months to students while at home are as follows:

- **24 Daily Practice Problem Sheets (DPPs) on JEE (Main) pattern with solutions** i.e. 8 each in P, C & M conducted as Practice Tests in Online mode
- **1440 questions** (480 questions each in P, C & M) given in these 24 DPPs of JEE (Main)
- **27 Daily Practice Problem Sheets (DPPs) on JEE (Main+Advanced) pattern with solutions** i.e. 9 each in P, C & M conducted as Practice Tests in Online mode
- **1080 questions** (360 questions each in P, C & M) given in these 27 DPPs of JEE (Main+Advanced)
- Online availability of complete study material for class 11, 12 & 13 in both English & Hindi medium
- **5 Tests** on JEE (Main+Advanced) pattern **with solutions** conducted online
- **24 x 7 Doubt support to students on whatsapp and call**

We have always supported you and are continuing to support you this time more through **Online** mode. You need to capitalize on this extra time to maximum; supporting you in this we have made further additions in our academic support for JEE aspirants of 2020. All these can be accessed on www.onlinereso.in using your Reso Roll No. as your username etc.

- **Total 16 Online Tests** to be conducted which include:
 - ▶ **5 Full Syllabus Tests (FSTs)** on JEE (Main) pattern
 - ▶ **5 Part Syllabus Tests (APTs)** on JEE (Main + Advanced) pattern
 - ▶ **5 Full Syllabus Tests (JPTs)** on JEE (Main + Advanced) pattern
 - ▶ **1 All India Open Test (AIOT)** on JEE (Main + Advanced) pattern
- PS: Solutions would be made available online for all 16 Tests.
- Customized/ Self designed (**student can choose to design their own test**) Topic wise Tests from pre-loaded Question Bank of 7000+ questions* (with solutions) which include:
 - ▶ **4800 questions** for JEE (Main)
 - ▶ **2250 questions** for JEE (Main + Advanced)

*These questions covers the entire syllabus and gives the flexibility to student for refining their topics in P, C & M

- **Online availability of complete study material** (Sheets, Notes & DPPs) for class 11, 12 & 13 in both English & Hindi medium
- **Live Online** classes of PCM to be held thrice in a week for discussion and quick revision
- **20 JEE (Main)** previous year papers with solutions
- Exclusive Online Improvement Course "**Rank Booster Course**" of 50 days for improving YOUR RANK in JEE (Main+Advanced) 2020
- Exclusive Online Improvement Program "**%ile Improvement Program**" of 30 days for further improving the %ile score in JEE (Main) July 2020 attempt.

Note: Both Rank Booster Course & %ile Improvement Program would be available on the Digital Learning Platform of Resonance "**ResoSir**". The courses would be offered with 90% Scholarship to classroom student of Resonance (In session 2019-20). More details of the courses would be shared separately with you.

Do not get easy, rather utilize the time prudently and practice intensely. Maximize your chances of securing a top rank by religiously following the "**5 Mantra's of Success**" in JEE (Main & Advanced) 2020.

Keep Learning & Stay Healthy
Best Wishes
