School PLUS Program can be an effective way to provide assistance and resources to students who may be struggling academically

This Programme is Designed to Focus on **NCERT** Syllabus

Support and Communication Mechanism

Motivational Session

There is provision of motivational classes within the curriculum which is required to keep the students on track and motivate them to aspire for success. As students of this age require continuous guidance, these motivation sessions help them to set their targets and fix the execution guidance to achieve them.

Parents Teacher & Student Meeting (PTSM)

There is a provision of PTSM which ensures periodic communication among the parents, teachers and the students. Through this meeting, parents get feedback about the strengths and weakness of their ward and teachers get feedback about their teaching. This mutual feedback system helps in improving the quality of academic delivery.

Psychological Cum Academic Counselling

At times students get stuck within their personal problems and need guidance to overcome that situation. In this scenario, we conduct one to one psychological -cum -academic counselling session for these students in which their problems are discussed and customized solutions are given to them.

ACADEMIC EXCELLENCE

- ▶ Pre-Defined Yearly Planner.
- ▶ Regular Classroom Discussion of Homework questions.
