Selection Criteria

In These Courses Selection will be held Through RsoNET with scoring minimum 50% marks in ResoNET for 4 Year WISDOM (JN) & SHARP (MN) Course and with scoring minimum 60% marks in ResoNET for 3 Year WINNER (JT) & SMART (MT) Course.

Course Features

Academic Excellence

Pre-defined Yearly Planner

The yearly planner consists of arrayed chapters for each of the subjects, test grid of the whole session with syllabus mentioned in it, holiday schedule, homework checking schedule etc.

Enhanced Classroom Teaching with Learning Aids

In classrooms, faculty members employ latest technologies to deliver topics in the most interesting and possible manner to maximize the absorption of concepts.

Scientifically Designed Chapter Modules

Classroom teaching is supplemented with futuristic study material in the form of chapter modules, which provide sequential theory of a particular chapter with exercises to check the progress of students, pictorial and textual summaries.

Daily Practice Problems (DPPs)

In addition to chapter modules, DPPs are given to students. Each DPP include questions from multiple chapters taught before it, even if they've already been covered in earlier DPPs.

All India Testing

The concepts learnt and practiced by the students are tested through regular tests mentioned in the yearly planner and conducted among the students of Resonance across all the study centers. This helps students to check their performance at the national level.

Student Analysis and Performance Evaluation Report

Students can check his/her performance and rank generated for each subject at the website of Resonance. The SAPER can be found at www.pccp.resonance.ac.in, under student zone.

Regular Classroom Discussion of Homework Questions

After classroom teaching, homework is given to students, which is discussed in the next class of that particular subject. Students who do regular homework and participate in classroom discussion are likely to succeed in the competitive examinations.

Clinic Classes and Doubt Classes

Clinic and Doubt classes are for those students who miss out classes due to unavoidable circumstances or late joining. These classes run throughout the year so that students can catch up anytime they feel left out.

21st Century Support And

Communication Mechanism

Psychological cum Academic Counselling

At times, students get stuck within their personal problems & need guidance to overcome that situation. In this scenario, we conduct one-to-one sessions in which their problems are discussed & customized solutions are given to them.

Motivational Sessions

There is provision of motivational classes within the curriculum which is required to keep the students on track and motivate them to aspire for success. These motivation sessions help them to set their targets and fix the execution guidelines to achieve them.

Parent Teacher & Student Meeting (PTSM)

There is a provision of PTSM which ensures periodic communication among the parents, teachers and students. Through this meeting, parents get feedback about the strengths and weaknesses of their ward and teachers get feedback about their teaching.

Mentor to each Student

A mentor is allocated to every student as a mentor seeks to help the student, optimize an educational experience & to assist the student's socialization into a disciplinary culture.

Recorded Lecture

Pre-recorded lectures are provided to the students to make sure that they don't miss anything important being able to listen to it back, transcribe lectures to review on screen or organize the collection of data to make notes essential to their success. Students can access these videos on online learning platform (ResoSIR) app.
