

Letter of **promotion** From Class-XI (VIKAAS-JA) to Class-XII (VIJETA-JP* & JP)

Dear Parent,

12th October 2018

Greetings from Resonance!

We are pleased to inform that your ward is completing class XI of foundation course of this session and is about to be promoted from VIKAAS (JA) to VIJETA (JPA) in Class XII for the coming session 2019-20. The students in Hindi medium will be similarly promoted to VIJETA (JPH). For all these students, this will be their next step towards success and Resonance has planned the entire year to strengthen the foundation for the success.

Resonance was founded with a vision to impart education in an innovative way on 11th April 2001. Since then it has been continuously incorporating innovative methods to give the best education to students.

At Resonance, we started preparing our students for the online mode since last year itself after the announcement of JEE (Advanced) to be conducted in online mode from 2018. This year, with the announcement that National Testing Agency (NTA) will be conducting JEE (Main) examination twice a year on CBT (Computer Based Test) mode, we were smooth with the change as we had been giving our students online exams and had proactively adopted the changes required for Online mode of examination. Last year itself, we had setup two online testing labs and made arrangements with private computer labs where our students could take online tests and offered practice for the real exam. Since November 2017 to May 2018, 21,000 students have taken online tests in these labs making available huge time of more than 50,40,000 hours of practice to the students.

We have found "starting early is the key to success" and for that, earlier completion of class XI syllabus by increasing duration of each lecture in a very planned manner works ideal (as we did this year) to **commence class XII** from last week of December 2018, which means the students would get sufficient time next year after course completion to recapitulate and practice the portion of XI & XII for JEE. Resonance also understands the importance of Board examination, so classes for additional support for 12th board NCERT (all 5 subjects) are going to be part of their curriculum which includes board pattern test as well at an additional nominal fee for those who want to avail this benefit.

The criteria for allotment of batches shall be based on final cumulative percentage (Considering due weight age of PTs, CTs & MT). In case, a student is not able to appear in Major Test (MT) of class 11th for a genuine reason, the academic performance shall be normalized to 100% by considering marks of CTs & PTs. The second Criterion in batch allotment will be deposition of 1st Installment of fee within the prescribed date.

The student joining class 12th batches in December 2018 will be termed as JP*, will undergo 2+ months of classes (after depositing 1st Installment of course fee) covering initial topics of class 12th curriculum. These students are likely to be benefitted in terms of more time for revision and getting prepared to tune with 12th syllabus. However, these topics will be covered in JP batches which will be commencing from 1st April 2019 at slight cost of time.

Resonance wishes the very best to your child. Sure, the RESONite would works hard to make a great career.

4. Benefits of Joining JP Star: Since 2013-14 session, we had started the concept of forming early batches of class-XII students namely JP Star. This has resulted in a lot of benefits for our students. Some of the key benefits are as below:

- 4.1 An early start helps to maintain less class frequency which results in a better understanding of the topics.
- 4.2 Early concepts of class XII get more time which results in an in-depth understanding of the key concepts.
- 4.3 Productive utilization of the free time available to students before their school examinations of class XI.
- 4.4 Easy transition from class XI to class XII and no break in the rhythm of studies.
- 4.5 Because of the early start, we will be able to complete Class-XII syllabus [JEE (Main), Board, JEE (Advanced)] much earlier and get sufficient time for understanding of the concepts and practice. Fresh revision classes will be conducted, in addition to practice tests (25 tests in each subject between January 2020- April 2020 attempt) to fully equip the students for April 2020 attempt, taking care of all the deficiency areas. Post April 2020 JEE (Main), we will finally collect for quick revision through fresh DPPs aiming at JEE (Advanced) to revive theory and take Advanced tests (8 tests) and discussions as our best support to students for success in JEE (Advanced) 2020.
