

Letter of promotion from Class-XI (VIKAAS-JA) to Class-XII

VIJETA-01JP**CHAITANYA
AGGARWAL**01st December 2021

Dear Parent,

Greetings from Resonance!

We are pleased to inform that your ward is completing class XI of the foundation course of this session and is about to be promoted from VIKAAS (JA) to VIJETA (JPA) in Class XII in the coming session 2022-23. The students in Hindi medium will be similarly promoted to VIJETA (JPH). For all these students, this will be their next step towards success and Resonance has planned the entire year to strengthen the foundation of their success.

Resonance was founded with a vision to impart education innovatively on 11th April 2001. Since then it has been continuously incorporating innovative methods to give the best education to students.

At Resonance, we started preparing our students for the online mode since last year after the announcement that JEE (Advanced) will be conducted in online mode in 2018. In 2018-19 session with the announcement that National Testing Agency (NTA) will be conducting JEE (Main) examination twice a year on CBT (Computer Based Test) Mode, we were smooth with the change as we had been giving our students the practice of online exams and had proactively adopted the changes required for Online mode of examination. Last year itself, we had set up two online testing labs and made arrangements with private computer labs also where our students take online tests and are offered practice for the core exam. In these labs where ample time of more than **26,00,091** hours of practice was available for the students and **22,223** students took online tests in the session 2020-21

"Starting early is the key to success" and hence we complete the entire syllabus of class XI in a very structured manner. **New batches of Class XII will be commencing from 10th January 2022.** By starting session of 12th class early the course will be completed early and students will get more time for revision of boards & JEE (Main) January-2023 attempt. The criteria for allotment of batches shall be based on the final cumulative percentage (Considering due weight age of PTs, CTs & MT). In case, a student is not able to appear in Major Test (MT) of class 11th for a genuine reason, the academic performance shall be normalized to 100% by considering marks of CTs & PTs. The second Criterion in batch allotment will be the deposition of 1st Installment of the fee within the prescribed date.

The student joining class 12th batches in January 2022 will be termed as JP. They will be undergoing 2+ month of classes (after depositing 1st Installment of the course fee) covering initial topics of class 12th curriculum. These students are likely to be benefitted in terms of more time for revision and getting prepared to tune with 12th syllabus. However, these topics will be covered in JPA batches which will be resuming from 4th April 2022 at slightly more class frequency.

Resonance wishes the very best to your child. Surely, the RESONite would work hard to make a great career.

5. Benefits of Joining JPA: Since 2013-14 session, we have been following the concept of forming early batches of class-XII students namely JPA. This has proved beneficial for our students. Some of the key benefits are as below:

- 5.1 An early start helps to maintain less class frequency which results in a better understanding of the topics.
- 5.2 Early concepts of class XII get more time which results in an in-depth understanding of the key concepts.
- 5.3 Productive utilization of the free time available to students before their school examinations of class XI.
- 5.4 Easy transition from class XI to class XII and no break in the rhythm of studies.
- 5.5 Because of the early start, we will be able to complete Class-XII syllabus [JEE (Main), Board, JEE (Advanced)] by November 2022 and will get sufficient time for revision session in month of December to appear in January 2023 attempt. 25 tests in each subject will be conducted between January 2023- April 2023 attempt to fully equip the students for April 2023 attempt, taking care of all the deficiency areas. Post April 2023 JEE (Main), we will finally collect for quick revision through fresh DPPs, aiming at JEE (Advanced) to revise theory and take Advanced tests (8 tests) and discussions as our best support to students for success in JEE (Advanced) 2023.
