Academic Session - 2019-20

NAGPUR STUDY CENTER

PRE-FOUNDATION CAREER CARE PROGRAM Class VII to X

WE SHAPE YOUR SUCCESS PERFECTLY

ADMISSION ANNOUNCEMENT

- ▶ Resonance launched Pre-foundation Career Care Programs (PCCPs) Division in 2006 with the philosophy of an early start. As the name suggests, the division aims at giving an edge to the students for Career Examinations like JEE (Main + Advanced), NEET/ AIIMS, CA/CS/CLAT etc. before entering into senior secondary classes.
- ▶ In last 12 years, PCCP division has evolved significantly and works in two segments of classes, namely, Sub-Junior classes (V – VIII) and Junior classes (IX – X). The two segments have different teaching methodologies and so are their targets.
- ▶ In junior classes, the targeted competitive examinations are National Standard Examination in Junior Science (NSEJS, 1st stage of International Junior Science Olympiad (IJSO)), National Talent Search Examinations (NTSE), Pre Regional Mathematics Olympiad (PreRMO), 1st stage of International Mathematics Olympiad). In addition to these competitive examinations, we also prepare students for class X board examination, according to the latest changes made in it, by CBSE, by exposing them to mock situations like that of the real one.
- ▶ In Sub-Junior classes, the targeted competitive examinations are National Mathematics Talent Competitions (NMTTC), Private Mathematics and Science Olympiads and other private Olympiads which can be cleared by following CBSE curriculum of the particular class. Other than the competitive examinations, we build conceptual understanding in all the subjects by following NCERT curriculum and conducting various academic workshops to make students understand the application of several concepts.

Core Features of Pre-Foundation Division

Academic Excellence

Pre-defined Yearly Planner

Students are provided with an yearly exam card consisting of all the schedules of Part Tests(PTs), Cumulative Tests(CTs), Half Yearly test series and Pre-Board Test Series. This planner helps students and parents in planning the strategy for studies and progress ahead.

Classroom teaching is supplemented with futuristic study material in the form of chapter modules, which provide sequential theory of a particular chapter with questions at regular intervals to check the progress of students. At the end of the chapter, pictorial and textual summaries are given for a quick revision at the time of tests. After the summaries, exercises are given with carefully selected questions of different types and difficulty levels for comprehensive practice.

Scientifically Designed Chapter Modules

Scientifically
PROVEN

Daily Practice Problems (DPPs)

In addition to chapter modules, DPPs are given to students. Each DPP includes questions from all the chapters taught, even if they've already been covered in earlier DPPs. These problems need to be solved within a mentioned time interval. It helps in boosting revisions and practice of time management at home.

Expert(Vishesh, Wisdom & Winner) Batches for distinguished performers

Special Vishesh(8th), Wisdom(9th) and Winner(10th) batches are formed for distinguish performers by taking selection exams.

Special test series of olympiads (NTSE/IJSO) is designed for students who are aspiring for good ranks in competitive examinations.

National Talent Benchmark Tests (NTBT)

School Examination Preparatory (SEP) Sheets

SEP Sheets are worksheets of each subject which are to be solved by students, after each chapter. So that students can know the areas/chapters they need to focus on.

SUPPORT AND COMMUNICATION MECHANISM

There is provision of motivational classes within the curriculum which is required to keep the students on track and motivate them to aspire for success. As students of this age require continuous guidance, these motivation sessions help them to set their targets and fix the execution guidelines to achieve them.

Motivational Sessions

Parent Teacher and Student Meeting (PTSM)

There is a provision of PTSM which ensures periodic communication among the parents, teachers and students. Through these meeting, parents get feedback about the strength and weaknesses of their ward and teachers get feedback about their teaching. This mutual feedback system helps in improving the quality of academic delivery.

Students/parents can check performance of their ward at the website of Resonance.
The SAPER can be found at www.pccp.resonance.ac.in, under student zone.

Student Analysis and Performance Evaluation Report (SAPER)

Necessary Communication through SMS

Students/Parents are communicated through SMS regarding necessary informations of their academics, absentism, results and information of all events.

Sub Junior (Class - VII* & VIII)

COURSE CONCEPT:

During classes VII to VIII, children go through immense mental and physical development. Thus, a child friendly environment is a necessity in which a child can develop an overall growth.

KEY FEATURES :
